

PREFACE

It is my privilege and a great honour to write the preface to the First Edition of Official Compilation of the Past Questions and Answers of the Joint Admissions and Matriculation Board (J.A.M.B). Before 1983, there were only a few Higher Institutions in Nigeria. The Eighties and Nineties witnessed tremendous growth in the number and varieties of them. The concept of J.A.M.B as a clearing house for admission into these Institutions is therefore laudable and continues to be relevant.

This book, unlike any other textbook, offers plenty of opportunities for students to have unhindered and unlimited practice. For many students, this compilation will help them improve their score and, consequently, providing easy admission to Universities or Colleges of choice.

Government at various levels, including bilateral and multilateral agencies, is making concerted effort to improve facilities and ensure improved access to higher education. The Private Sector participation in higher education is improving.

Conversely, the performance of students at examinations is alarmingly low. That is the major challenge for students and operator in this sector. It is my expectation that this publication will offer solution and help to the serious student.

It is in this regard that I wish to congratulate “**The Bridge Concepts Nigeria Limited**” and **JAMB** for their initiative.

We hope the target audience, the students, will turn the pages of this book as many times as possible to ensure adequate preparation and, consequently, improve their performance.

Motto:

Knowledge and Leadership

Thomas Adewumi College Oko (TACO) was established in 1997 and is a private, co-educational boarding school. Set in 450 hectares of grounds on the outskirts of the town of Oko in Kwara State, we offer Primary and Secondary education in which academic, ethical and personal values are combined to put into practice as a preparation for life.

Over the last seven years TACO has become one of the leading private coeducational boarding schools in Nigeria. Currently under the management of an experienced British educationalist as Principal, the aims and objectives of the College are being pursued with vigour. TACO is the place to be!

The Curriculum

opportunities. As a result of this many of our students have been ranked highly in the WAEC Examinations and win

The College which runs the National Junior Secondary and Senior Secondary Programmes has students from all states of the federation and outside the country. The University of Cambridge General Certificate of Secondary Education Examinations as well as SAT and TOEFL examinations. Our academic environment ensures that all students make the most of their scholarships to study in Europe and the USA. We also excel in State and National Competitions in Mathematics and Science.

We are preparing for the introduction of a VI Form in September 2005 for 'A' Level studies and the International Baccalaureate in September 2006. We will also be offering an exchange programme for GAP Year students in Europe.
